ODERVILLE, UT 84758

Dear GERRY:

Re: Annual Distribution Report -
East Fork of the Virgin River

The Division of Water Rights has begun compilation and review of the water usage data which you provided for the 1993 Annual Water Report for the East Fork of the Virgin River Distribution System. We appreciate your hard work in obtaining this data and are particularly impressed with your efforts and input.

Many suggestions have been made for ways in which we can improve this coming year's data and report for your water distribution system. In an effort to standardize the reports between commissioners we would like you to follow the guidelines given in the attachment.

As you think of additional ways for improvements or if we can be of help to you, please feel free to contact either Lee Sim at (801) 538-7380 or myself at (801) 538-7384. Once again, we would like to thank you for the time and efforts you have spent in improving our water distribution systems. Your hard work and the excellent job you are doing is appreciated.

Sincerely,

Gertrudys Adkins, Ph.D
Distribution Engineer
